**NOTICE TO BEDFORD BUSINESS DISTRICT PROPERTY OWNERS AND  
BUSINESSES JULY 27, 2022**

The Town of Bedford Public Works Department (DPW) will be employing a contractor to replace the concrete sidewalk in the Downton Bedford Hills Business District. We hope to begin work on the project in August 2022. The project shall take several months to accomplish. Trees located in the sidewalks tree pits will be removed beginning the Week of July 25, 2022. New replacement trees will be planted after the new sidewalk is put in (sometime in the Fall or Spring depending on timing and tree availability.) As the work proceeds temporary access to your business / property will be impacted for a few days. We plan on performing this work in sections so that disruption to the businesses will be kept to the minimum. However, there will be some disruption that occurs. Therefore, businesses will be informed by the contractor a day in advance that access to their property will be temporary disrupted so that the old sidewalk can be removed and a new sidewalk apron can replace it. The contractor will provide steel plates to cover over the wet concrete at access points to your property so that residents / patrons can visit your facility as the "green" concrete cures. Additionally, the new sidewalk specifications require the DPW to adhere to the current American's with disabilities act (ADA) requirements for handicap access (i.e. wheelchair access.) This means that the contractor might have to excavate and replace the portion of your driveway that abuts the sidewalk in order to adhere the new ADA mandates. The contractor will replace the portions of your driveway that needed to be removed with new materials (i.e. portions of the old asphalt driveway that was excavated and removed will be replaced with brand new asphalt.) The specific areas where the sidewalk will be replaced include:

- #1 Adams Street through #83 Adams Street (Inclusive)
- Adams Street in front of the Train Station Parking Lot (#11 Adams Street)
- Bedford Hills Post Office (#66 Adams Street)
- Babbitt Road (From the Babbitt Road side of #13 Adams Street to #1 Adams Street)
- #1 Babbitt Road through #23 Babbitt Road (Griffin Ave intersection inclusive)
- #9 through #31 Depot Plaza (inclusive)
- #14 Main Street
- #31 Main Street through #21 Main Street (inclusive)
- #316 through #326 Bedford Road (inclusive)
- #325 Bedford Road though #2 Depot Plaza (inclusive)

**If you have any questions regarding this project please feel free to contact the Bedford Public Works Department at 914-666-7669.**
